Bioinformatics Club

Sponsorship Packet

2017-2018

UBIC

MISSION STATEMENT

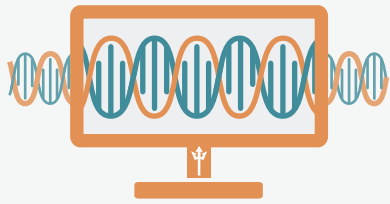

We are a community of undergraduate bioinformaticians at UC San Diego serving to strengthen, expand, and support UCSD's bioinformatics program. We firmly believe that we have been given a unique opportunity to leave an indelible impact on this exploding field. As we expand and consolidate our position on the frontier, we are offering industry members to become a part of what we are creating.

Join us on this journey as we fulfill our potential.

Arya Kaul

President UBIC 2017-2018

UBIC

SIGNATURE EVENTS

Bioinformatics Industry & Academia Symposium

The annual symposium we hold, features talks given by professionals in the field of bioinformatics, from industry and academia, as well as networking sessions between students and the professionals. In this event, students can learn about career options and future paths available to them as bioinformaticians.

Community Service Events

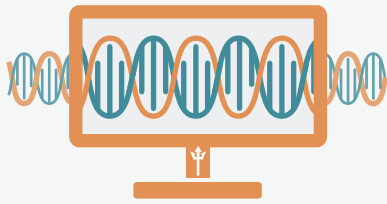

As a community of bioinformaticians, we believe it is our imperative to give back to the broader community. Illumina has partnered with UBIC to develop a curriculum to introduce high schoolers to bioinformatics. In addition, UBIC has committed to other community service events, including beach cleanups, and food drives.

Industry Talks/ Info Sessions

Industry talks and info sessions are presented by professionals in the industry (including CEOs, bioinformaticians, etc.), to communicate with students what their companies do and value, how they get to where they are today, and potential opportunities for the students (internships and full-time positions). This is also a great chance to advertise for your company.

UBIC

SIGNATURE PROJECTS

UBIC Entrepreneurship Accelerator -- UBInCubator

A new initiative just launched by UBIC, this accelerator will provide entrepreneurial bioinformaticians the chance to put their business acumen to the test. UBIC will provide industry savvy mentors to guide undergraduates as they build the market strategy for a startup of their own design. At the end, we are aiming for finalists to present in front of local Venture Capitalists in the hopes of securing seed funding. Currently, we are looking for industry sponsors to either lend mentors or potential investment money towards this new and exciting project.

UBIC HPCC Project

UBIC is committed to developing our members' computational skills, particularly within high performance computing cluster (HPCC) environments. To facilitate this, UBIC is developing a custom HPCC to facilitate a deeper understanding of how clusters function at a technical level.

UBIC

SPONSORSHIP OPTIONS

Primary Option: \$1500

- Featured at all of our events
- Have your company logo displayed on our websites and weekly newsletters
- Unlimited number of job applications posts on our website
- Up to two company information sessions per year, tailored at your needs as our organization's events

Secondary Option: \$1000

- Featured at 80% of our events
- Up to 10 job applications posts per year on our website
- Up to one company information session per year, tailored at your needs as our organization's event

Tertiary Option: \$500

- Featured at 50% of our events
- Up to 5 job applications posts per year on our website

Additional Sponsorship Options

- Hardware donations to our UBIC HPCC project
- Mentors for UBInCubator
- Donations in other amount

THANK YOU

FOR YOUR INTEREST IN SPONSORING OUR CLUB

STEPS TO SPONSOR

1. Fill out the sponsorship form at the end of this packet.
2. Different types of sponsorships:

- a. **Monetary sponsorships:**

Please mail checks payable, along with the sponsorship form to Undergraduate Bioinformatics Club.

Mail to:

Haeuk Kim

7025 Charmant Dr. #279 San Diego, CA 92122

Inquiries for this type of sponsorship should be directed to Haeuk Kim.

- b. **Hardware Donations:** Please contact Lucas Patel.

- c. **Mentor for UBInCubator:** Please contact Arya Kaul.

- d. **General inquiries?** Please contact Miko Liu.

CONTACTS

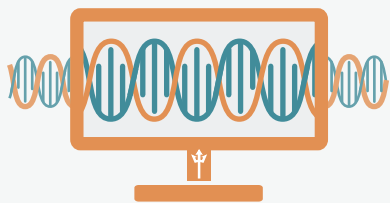

Haeuk Kim: khaeuk@ucsd.edu

Lucas Patel: lpatel@ucsd.edu

Arya Kaul: a1kaul@ucsd.edu

Miko Liu: mel097@ucsd.edu
